
Language level testing

The part of your CV describing personal skills also includes language skills. In addition to your native language, you also provide the language certificates you have received and your language level in all foreign languages according to the Common European Framework of Reference for Languages (levels A1 to C2). Most HR professionals use this scale, which gives them a clear idea of your knowledge of foreign languages.

Verify your knowledge of a foreign language so that you can use the correct level in your CV.

Experts from the Language Centre of the Faculty of Arts will help you.
